Dear John and everyone at Liverpool Motor Club,

Thank you so much for raising an incredible £1257.00 on behalf of the North West Air Ambulance Charity. Your generous gift means that we can continue flying to save lives across the North West region 365 days a year.

Because of you, the North West Air Ambulance Charity is able to fly the most advanced medical crew and equipment to people when and where they need it the most. We bring the hospital to the patient and can provide surgical interventions, blood transfusions, and deliver lifesaving procedures at the roadside to increase the chance of survival and make a lifesaving difference.

Many people in your local community would not be here today without the North West Air Ambulance Charity, and we are only here because of people like you. We receive no government or NHS funding to carry out the vital life-saving work that we do, and we must raise over £9.5m to operate and attend the 2,500 incidents we are called to each year.

If you are interested in finding out more about the work we do across the North West and how your money is making a difference, please visit [www.nwairambulance.org.uk](http://www.nwairambulance.org.uk) or follow us on social media.

Thank you once again for your continued support on behalf of everyone here at the North West Air Ambulance Charity..

Best wishes
